15th Gathering of the Argus Collector's Group

Our June meeting will be our last before our summer break. No meetings in July or August.

Our program speaker will be Bob Kelly with presentation of his trip to the Fifteenth Annual Gathering of the Argus Collector's Group that was held in Eden, North Carolina, May 12th - 15th 2016.

This event which began as a get together for ACG member from the East Central part of the United States has turn into a wonderful gathering of Camera collectors from all over the world.

In years past they have had members from Washington State, Colorado, Ohio, Vermont, Massachusetts, Rhode Island,

Maryland, West Virginia, Virginia, Tennessee, North Carolina, South Carolina, Canada, and even a wonderful couple from Australia.

People from all over bringing displays of cameras, photos and other Photographica to share with the group. The best thing that is always shared at these gatherings is the wealth of knowledge of the attendees.

The event sponsored by the Argus Collector's Group (an internet email group of friends and collectors; <http://www.arguscg.org/>) and the Virginia Carolina Classic Camera Enthusiasts (a Martinsville club of camera collectors and friends).

Dating Pre-war Zeiss Cameras - James Villett

Many European cameras from the period from World War I to World War II were manufactured in camera-assembly plants in a number of countries. Many of these cameras were equipped with Zeiss lenses, all of which are serial numbered. This chart, covering the years from 1912 up to World War II, provides the basis for rough-dating of a camera to within a year of its production.
